

K.M.N.M.R.S.R. THILAKARATHNA

INFORMATION & COMMUNICATION TECHNOLOGY
UNDERGRADUATE

PROFESSIONAL PROFILE

Motivated Bachelor of Information and Communication Technology (Hons) undergraduate at the University of Vavuniya with hands-on experience in web development, Java OOP, Node.js/Express/MySQL applications, UI prototyping and database concepts. Interested in developing reliable, responsive and user-focused digital products while continuously strengthening software engineering and creative technology skills.

EDUCATION

Bachelor of Information and Communication Technology (Hons)

University of Vavuniya | **Current Undergraduate**
Coursework and practical work cover software development, databases, web technologies, system analysis and design, networking and object-oriented programming.

G.C.E. Advanced Level

KG/Pinnawala National School | **2022/2023**

- Science for Technology (SFT) - B
- Engineering Technology (ET) - C
- Information & Communication Technology (ICT) - C

G.C.E. Ordinary Level

2019

SELECTED PROJECTS & PRACTICAL EXPERIENCE

Meridian 3D Watch Experience

Designed an immersive luxury-product website using HTML, CSS, JavaScript and Three.js, with responsive layouts, realistic product visuals, depth effects and interactive animations.

Professional Portfolio Website

Created a responsive personal portfolio to present education, technical skills, projects, CV documents and professional contact information in a clean, accessible interface.

Application & Database Development Practice

Practical development experience with Java OOP and Node.js/Express/MySQL, including database connectivity, CRUD concepts, server-side logic and web application workflows.

CAREER OBJECTIVE

Seeking an internship or entry-level opportunity in software or web development where I can apply my ICT knowledge, contribute to real projects and continue developing strong technical and professional skills.
